New production for Glee Club

Each year the Glee Club of Haliburton Highlands Secondary School produces a new and excellent production from among the many English comic operas of Gilbert and Sullivan, or their successor Edward German. The countless hours of after-school and week-end rehearsal, and work on stage sets, costumes, etc. are willingly undertaken by the devoted members of this club, which is certainly a credit to our High School and community.

Each year's production has been greeted by an increasingly enthusiastic response by the audience. Last year's "Pirates of Penzance" (pictured above) broke all records for attendance and enthusiasm. This year the Glee Club has undertaken the most ambitious in its 8-year history of musical productions, "Tom Jones" by

Edward German - a 3-act masterpiece of English romanticism, difficult to perform and stage, but a delight to behold.

Roughly based on several incidents from Fielding's great novel, "Tom Jones" is a product of German's maturity as a composer. The music is very lyrical; and in many of the dances and choruses, characteristically English. German's musical style will be well remembered by those who attended the Glee Club production of "Merrie England" 3 years ago, which proved to be one of the most successful comic operas presented here.

The Glee Club depends almost completely for the success of its programme on the support of the community. For details of this year's upcoming performances of "Tom Jones", see the "Coming Events" section.

Areas combine to form a new health unit

Victoria County Council decided last Wednesday to join Peterborough City and the Counties of Peterborough, Northumberland and Haliburton in the formation of an amalgamated Kawartha District Health Unit effective January 1, 1977.

The boundaries of the amalgamated health unit would take in the present boundaries of the Peterborough County-City Health Unit, Northumberland County and all present areas controlled by the Haliburton Kawartha Pine Ridge District Health Unit, according to a report of the amalgamation committee presented to the county council.

Representation on the future board will be: City of Peterborough, two members; Peterborough County, two members, plus one provincial member; Northumberland County, two members; Victoria County, two members; Haliburton County, one member plus one provincial member.

The report recommends that Dr. J.K. Edwards be the Medical Officer of Health for the new health unit and that Hugh Goode be the administrator.

On a rough calculation, the report says, it is estimated that the value of furniture and equipment of the Peterborough County Health Unit is \$58,200, and the Haliburton, Kawartha Pine Ridge District Health Unit (of which Lindsay) and Victoria County are a part is \$60,000.

Since furniture and equipment will remain at its present locations, it is recommended that the assets become the property of the new Kawartha District Health Unit with no transfer of funds.

The report says the new health unit accepts all the liabilities of the present units including payment of rents and lease agreements.

The report recommends that the new Kawartha District Health Unit become the owner of the new headquarters in Peterborough on a shared cost basis among the participating municipalities.

The new unit will serve a population of 202,487 of which 58,100 are in the City of Peterborough; 35,616 in Peterborough County; 60,350 in Northumberland County; 39,061 in Victoria County and 9,360 in Haliburton County.

Conservatives hold annual convention in Lindsay

The Victoria-Haliburton Progressive Conservative Association held its annual meeting at the Moose Hall in

Lindsay on April 21, 1976. Close to one hundred interested people attended the dinner and business meeting

afterward.

One of the highlights of the evening was the presentation of a jewellery box to

Alice (Mrs. John) Carew in appreciation for many years of service to the Progressive Conservative Association.

The presentation was made by William Scott, M.P. who spoke warmly of the esteem in which Mrs. Carew is held.

Mrs. Leona Burke, President of the Ladies Association, announced an open meeting on May 10, 1976, in the Officers' Mess of the Lindsay Armouries. The people of Victoria-Haliburton, particularly the ladies, were cordially invited to

attend and meet Jim Webster, the Provincial Progressive Conservative candidate on that evening.

Lorne MacPherson gave the President's report and briefly mentioned the highlights of the past busy year. Retiring Treasurer, Arthur Patterson, O.C., presented the Treasurer's report. Mr.

Cont'd. page 2

Spring not sprung enough yet

It became pretty obvious early Sunday morning that spring hasn't sprung quite far enough...

As if it wasn't bad enough to have to contend with the switch from Standard to Daylight Saving Time, the faithful who didn't want to be late for church, had to brave the weather which was far from being conducive to saintly comment.

The situation continued to deteriorate as the day wore on, more snow falling, slush, mud muck replacing the relatively dry and pleasant walking of a few hours before; newly-washed and polished cars looking as though they had just made a trip through the hinterland, dogs and cats acting like homing pigeons.

This Monday morning caused some to think that "Sherlock Holmes' Brother" had left town too soon and should have been detained to conduct an intensive search for the elusive spring.

Having misplaced the rule which measured in metric terms, it was necessary to resort to the tried, tested and true traditional 12-inch rule which showed that about two inches of snow had found a resting place on the trunk of a parked car...There was a little less on the hood because the motor was warm when it was parked for the night, Sunday.

According to reports from provincial police Detachments north, Peace Valley and Minden had less than

Lindsay...It didn't start snowing at Minden until after the Philadelphia Flyers cooled out the Toronto Maple Leafs after the first period of play. This is reported to have generated some heat among

Leaf supporters who became steamed up at what they felt was a sloppy second period and may have warmed up the atmosphere a bit.

The Peterborough TV weather forecast Friday night has drawn comment in some quarters that it must have been taken from Benjamin Franklin's almanac written a couple of centuries ago...It forecast thunder-showers for Saturday evening and rain Sunday.

And now for the good news as forecast by those who base

their predictions on the behaviour of their corns, bunions and joints: More of the same is in store...cold and maybe a trace more of snow, providing a blizzard doesn't come in from Minnesota.

Incidentally the Farmers Almanac distributed by Victoria and Grey Trust Co., Lindsay came up with a good, safe forecast for April 24-27: "Unsettled spell"..... And who can quarrel with that?

Sir Sandford Fleming College says the ground temperature reading overnight got down to 27 above Fahrenheit and about two inches of snow did, in fact, fall.

Driver loses control

Minden OPP detachment reports roads were dry at 4:15 p.m. Sunday in that district but this factor didn't stop a vehicle driven by Gary Lee, 18, of Minden, from skidding on a curve.

Police said Lee was treated at Minden Red Cross Hospital for injuries sustained when his vehicle skidded sideways and rolled down an embankment, coming to rest on its roof. The accident occurred on the old Bobcaygeon Road north of the

village and it is estimated by Constable Pearson that the 1971 small European car is a write-off... "Total" is the way the damage is described in the report.

It was the first accident of any account reported there in about a week.

Coboconk detachment report a relatively uneventful weekend with nothing other than the usual run of complaint and requests to occupy its attention.

Cont'd. from Page 1

Conservative Annual Meeting

MacPherson then passed the chairmanship of the meeting to Shirley Brandon, the new President.

Dr. E.D. Stephenson introduced the guest speaker Jim Webster who spoke

about the economic situation in Ontario and the provincial budget restraints designed to strengthen the economic growth of Ontario.

Delegates were elected for the Annual Ontario Progress-

sive Conservative meeting to be held in Toronto May 13-16, 1976. They are Shirley Brandon, Alice Carew, Margo Fawcett, Fred Reynolds, Bert Hicks, Sr., Bert Hicks, Jr., Lloyd Graham, Charles Brandon, Murray Agnew and Elizabeth Webster.

The new Executive is:

President: Mrs. Shirley Brandon, Minden, Ontario; 1st Vice Pres. - Casement Davidson, R.R. 2, Little Britain, Ontario; 2nd Vice Pres. - Dr. E.D. Stephenson, Lindsay, Ontario; 3rd Vice Pres. - Gerald Lowes, R.R. 1, Omeme, Ontario; 4th Vice Pres. Terry Staples, Janetville, Ontario; 5th Vice Pres. Joe Isles, Haliburton, Ontario; 6th Vice Pres. Gwen McFadden, Lindsay, Ontario

Directors

Ted Shea, Bobcaygeon, Ont. Paul Terrill, R.R. 1, Lindsay, Ontario; Maureen McLennan, Fenelon Falls, Ontario; Murray Robinson, Cobocok, Ontario

Secretary - Edward C. Hill, Lindsay, Ontario; Treasurer - Lorne Chester, Lindsay, Ontario; Chief Financial Officer: Arthur Ward, Haliburton, Ont.

Auditor - Gerald Dawson, Haliburton, Ontario

Federal Vice Presidents

Larry Hartmeir, Beaverton, Ontario; Orval Morrison - R.R. #6, Orillia, Ontario; Howard Barrager - Lake St. Peter, Ontario; Syd McCauley - Woodview, Ontario; Mrs. Joan Paige - Washago, Ontario.

OBITUARY

MR. WM. MOLE

William Mole of Hall's Lake died suddenly in Panama City, Florida, on March 20, 1976, in his 65th year. The dearly loved husband of Laura M. Gartshore, dear father of Garth and Wanda of Stouffville, Ontario, brother of Mrs. Violet Jefferson of North Bay and of Mrs. Helen Taylor of Toronto. He will be sadly missed, not only by them, but also by the residents of Halls Lake and by the many friends he made wherever he went.

Bill was born and educated in Toronto. He was in the employment of the T. Eaton Co. for 20 years. In 1941 he joined the Canadian Armed Forces and served his country until 1946. He was a member of Arcadia Lodge AF and AM at Minden. For years he was genial host of Loreale Lodge.

Many friends and relatives called at the funeral home to express their sympathy to his wife and family. The funeral service was conducted by the Rev. A. Hutchinson and the Rev. D. Brown at St. Stephens Anglican Church, Boshkung. This lovely little church was one of Bill's great loves, and he served her well and faithfully as peoples' warden for 25 years.

Many tributes to Bill have been received by the family. These consisted of beautiful flowers, donations to the Heart Fund, donations to the Gideon Bible Society and monies to be used as a memorial of Bill in the little Church he so loved. These came, not only from the vicinity of his home, but also from many distant places. Bill's winsome personality and lively interest in everyone he knew, won him friends, all across Canada and down into the United States.

MR. EVERETT SCOTT

A military and civil service career came to an end in Lindsay, Tuesday with the death of Everett George Scott in his 72nd year. He died at Ross Memorial Hospital after brief illness.

Mr. Scott is perhaps remembered best by newer residents as Sheriff of Victoria - Haliburton Counties, an office he assumed in 1959 and held until his retirement in 1972. He assumed the role as successor to the late Jasper Forman and was succeeded by incumbent sheriff Gordon Pepper.

For those who have lived in Lindsay longer, he will be recalled as a postman and a man who distinguished himself in World War Two. Mr. Scott's postal service career began long before the war, was interrupted by the war and resumed afterwards.

Mr. Scott's military service commenced with his enlistment at Lindsay in the 45th Battery, RCA, 7th Med. Regiment and ended with his honorable discharge in August, 1945, with the rank of major. He saw service in England, France and Germany and was mentioned in dispatches.

Hockey banquet a success

WOW! What a turnout. The walls were bulging, the Cafeteria overflowing, (and that's an understatement) at the first Hockey House League Banquet, held last Tuesday night at the High School here, close to 300 people attended. Trophies were presented and a film of the 1975 Stanley Cup was shown in the Gym. Many thanks to all the "kitchen

helpers and cleaner uppers" and to Mr. Rouble who kindly let us use the school facilities, to Roy Scott who tried so hard to organize (Confusion) to the Mom's and Dads who not only donated their support and to the kids that have played hockey this year. A special thanks to Mrs. Barbara Hore who really worked hard to make this

banquet a success. I also want to thank everyone for their patience, and a special thankyou for the lovely roses I received. Many thanks again. We did our best.

Evelyn Dodd

PS I must apologize to Mr. Brooks, for the crowd and the fact that he didn't get his coffee.

MINOR HOCKEY

We Need New Sweaters

The House League is in desperate need of New Sweaters - We could use your contributions. Please help. Send donations to: Mr. Roy Scott, Haliburton, Ontario. or Phone Mr. Scott - 457-2403, Mrs. Dodd - 457-2187 or Mrs. Hore 457-1117.

Branch 129 Sports

Haliburton Branch 129 sports had a very successful winter season and are going to hold a Banquet on May 1st also dance, card's shuffleboard, players 90 in all.

Winter sports is at a close, but summer sports are coming. Branch 129 is having a ball team, Legion players' get in touch with Bernie Bain.

Also all members interested in Golf, contact Ray Jenkins. Thanks to all men and women and comrades who made the winter season a success.

Sports Officer Brnch 129

Life training program offers big dividends

(The following article continues a series on Workmen's Compensation in the province of Ontario.)

Project LIFE - Learn Industrial First Aid Effectively - is a joint effort of the Workmen's Compensation Board, Ontario; the Industrial Accident Prevention Association of Ontario and St. John Ambulance. Its aim is accident prevention, achieved through the proven formula of making people more safety conscious, and better able to deal with mishaps when they occur, by providing them with basic First Aid Training.

An earlier column dealt with the outstanding success of Project FACTS 1 and 2, the experimental programs which demonstrated that First Aid training can be a major factor in cutting the incidence of accidents. Evidence compiled in the test programs, each of them supported by WCBO, led to the Board's present unqualified endorsement of the First Aid Training approach to accident prevention.

Spearheading the drive to apply benefits of what was learned under Project FACTS 1 and 2 to business and industry throughout Ontario is St. John Ambulance. In addition to Project LIFE, a specific program designed to provide saturation First Aid Training of employees of business and industry in the Mississauga, Oakville, Burlington and East Hamilton area, St. John Ambulance has recently established a new Industrial Training Division, with a full-time manager, responsible for providing LIFE type training to firms anywhere in the province.

LIFE training is carried out in-plant, by employee-instructors qualified under a special St. John Ambulance training program. The training, which takes place on

company time and at company expense, is geared to furnish instruction related to the specific work environment and job routine of employees. All costs associated with the training program, including the value of the time employees spend on course, may be deducted as a business expense.

The benefits of LIFE training will, of course, vary from firm to firm depending on present accident prevention routines. However, on the overall record, there is overwhelming evidence that First Aid training of employees can further improve the best of accident records and bring about a virtual turnaround in accident incidence for firms which are experiencing a relatively high rate of mishaps.

In addition to reducing the incidence of workplace accidents, LIFE training has also been shown to reduce the chances of trained persons being involved in mishaps during leisure hours, a factor noted by Ontario Federation of Labour President David B. Archer in his personal endorsement of the LIFE approach to accident prevention.

Full information on the LIFE program, including detail on instructor course scheduling and pointers on selection of suitable instructors from among employees, may be obtained by contacting the Manager, Industrial Training, St. John Ambulance, 46 Wellesley St., East, Toronto, Ont. M4Y 1G6; Phone (416) 923-8411. Participation in LIFE training may also be arranged through contact with any WCBO office throughout Ontario.

Signed by Sudbury Wolves

Another of our local athletes from the area has been signed by the Sudbury Wolves to help to fill in the goaltending gap on their club.

Lou O'Hara of Haliburton who is number one goaltender of the Laurentian University Voyageurs of the Ontario Universities Athletic Association will be with the team for the remainder of the season and play-offs. His presence in the Wolves's

camp is expected to provide some competition for their current goaltender Benard.

O'Hara took over the number one job at Laurentian from three all star Dave Totaryn who joined the Toronto Toros chain. Coach Toppazozini of Sudbury says of his likeness of Lou O'Hara on part of his play with Laurentian and currently his club, and his abilities will be an asset to Sudbury.

Lou played most of his minor hockey here in Haliburton graduating from the minor system to the Junior club. With his education foremost in his mind and then all the hockey he can play, the future looks bright for the local. Currently the Wolves are playing off with the Hamilton Fincups and the best of luck is wished to Lou O'Hara and his team mates in their playoff encounters.

Although dinner plates can be warmed in the dishwasher, it's much more economical to use the oven's stored heat after the cooking is completed.

Local Briefs

The double tennis courts at Rotary Beach are open for the season and once again they are proving to be very popular as young and old alike take up this great sport. As usual it seems to be very hard to find the courts when they are not busy.

Some of the N.H.L. hockey players who have homes and cottages at Haliburton have arrived back. Ron Stackhouse of the Pittsburgh Penguins is back and so is Nick Beverley of the New York Rangers.

The softball season will soon be underway and both the Haliburton men's senior team and the Ladies team have both held their first workouts.

Local interest last week focused on the Toronto-Philadelphia N.H.L. Playoff Series and although the Leafs gave it a good try they were just not good enough when the chips were down. The Leafs are a team that are going to be heard from in the not to distant future.

Maple Lake news

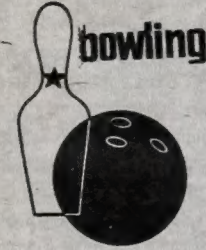

Mrs. Geraldine Carr accompanied the Barclays to Toronto to visit Rella.

Mrs. Carrie Morrison accompanied Mr. and Mrs. Perry Morrison and children of West Guilford and Bryan of Haliburton to Bowmanville where they visited relatives. Coming back on Sunday, they came through several inches of snow on the

Highway near Blackstock. Our Spring weather sure has got up and went this weekend.

Mr. Ed Barry is spending a few days in West Guilford and getting some treatments on his back in Haliburton.

Mr. Henry Howe goes to the hospital to have eye surgery and Mrs. Margaret Cook is with Vera.

The outlook is good

With the economy the way it is many local people have been wondering, just what kind of a summer season lies ahead. The question seems to be will people have the money left over during these days of inflation to take a vacation here in the Highlands. Many think that the outlook seems to be a little gloomy, but we think following the big influx of visitors over the Easter Weekend that we can look at the upcoming summer season in an optimistic light.

Visitors poured into the Highlands in record numbers and most business places report that business was really booming.

From what we can learn, more people than ever are trying to rent cottages for the summer months and we advise them to do so right away so that they will not be disappointed.

It is our opinion that people no, matter how tight money might be will still have enough put away for their vacation.

As an added note, let's make sure this summer that we try and give these visitors some service, something that seems to have been lacking in the past.

Call Zenith 50000

On Thursday night at the Rotary Club meeting at Haliburton the guest speaker was Cpl. Sneddon of the Minden Detachment of the Ontario Provincial Police. Following an interesting film on crime prevention, Cpl. Sneddon pointed out several facts that should be brought to light.

It would appear that many break-ins and other occurrences are never reported. In most cases the police read it in the paper and find out that they have never been reported.

It always amazes us that many business places that are broken into and damage done and material stolen are hushed up. It seems that the local businessmen like to keep it a secret and in most cases never report it to the O.P.P.

Cpl. Sneddon in his talk made it quite clear that if you see a place being broken into all you have to do is jump on the phone and call Zenith 50000 and the OPP will be on the scene in a matter of minutes.

Crime and violence in 1976 seems to be on the upswing and in order to have police protection it is unfair to leave it all to the OPP. The police must have the co-operation of everyone as citizens if they are to arrest the criminals. They can't do it all by themselves. All they are asking is for the citizens who see something unusual occurring then to let them know about it as soon as possible.

Some of the points brought out were aimed at you the citizens, and what you can do about them. If you are going on a holiday don't make it public knowledge. In this way you are just inviting crooks to visit your home and steal many of your belongings. Never leave your keys in your car or vehicle while you are parked. This is an invitation for someone to steal it. Never hitch hike a ride with a stranger.

A matter that seems to concern everyone is that fact that with thousands of visitors in the area during the summer months there are less men on the force at the Minden Detachment than in the winter months.

Letters to the editor

An open letter to John Eakins, M.P.P.

Dear Editor:

I am over fifty years old, Canadian born and over the years I have watched a dirty disease infested and growing rapidly within Political Parties. I have no party affiliations or preferences, because I firmly believe that any party doesn't give a damn about Haliburton and other similar regions and their people. Instead, they are more concerned about security withing the parties, and each individual fights for himself, discrepancies within each rank and even broken off segments of parties have too much conflicts, and above all the lust for power in each party takes priority to overthrow office holding parties at any cost and to hell with other (people's) issues.

On Page 2, of the April 21st issue of the Echo, you had a full six column (full page) article on "John Eakins, M.P.P., Speaks out in Legislature." The first column and a half was one of back patting and eulogy. The remaining of the next 3 full page depth columns were centred on Eakin's backyard (Victoria) The Ross Memorial and Bobcaygeon Hospitals. Here he talked about nothing positive and revealed statistical facts which all concerned already know. Mark Twain once said "there are three types of lies: (1) Lies, (2) Damned Lies, and (3) Statistics". The items showed he was evasive showing no determinations, guts, or a simple solution - he acted just like 1926 politicians who still thinks a fifty year old type speech can influence people in 1976.

The first paragraph in Column 4, clearly indicated that Eakins agreed with Miller's closure of hospitals "I recognize that restraints are not only inevitable but advisable." - Referring to the previous paragraph on Medical Budgets.

The remaining of the six columns are indeed a pity. Eakins cites London, England as an excellent development plan, yet it is one of the most debt, problem and crime ridden cities in the world along with New York, Chicago, Toronto and Montreal. Besides what connection has London, England got with a tiny remote area like Haliburton. The remaining contains too much more baloney to cover. Oh yes, there is one statement he made which is typical, particularly in 2 parties, and this disturbs me very much, "the multi-national corporations, the conglomerates, are in a position to obtain special tax advantages." You may not understand this Buster, but under this democratic system every citizen and business is subject to the same laws and if you don't believe me, stick your nose back in your law books and study it. The reason this statement bothers me is, first it establishes discrimination and favoritism for larger companies and if this is not so, then you have just disclosed knowledge of criminal acts which I hope you acted upon.

An old evasive political trick is to say "Its on the drawing board - we're conducting a study, plus gimmickery of passing the buck to various levels and departments of governments." I'm sure that we are all sick and tired of hearing these childish excuses for the unnecessary delays. Why is it that a flood or major fire and other items get quick actions - this is a serious disaster too, surpassing these isolated stated items.

I strongly believe in "Cut-backs", starting with M.P.P.'s, to industrial and governmental risk ventures, Diversified corporations, monopolization and price fixing, Amalgamated planning of Utilities with other departments and amongst themselves. Preventative measures to transform prisons into hotel accommodations and the abolishment of high wages to convicted persons, and a heck of a lot more.

About Hospitals? They should of never had individual purchasing, planning and administrative powers unless such has been under the full jurisdiction of Provincial and Federal Bodies. Many hospitals have replaced a simple effective and inexpensive thermometer with computerized units costing over \$400 each - that's just the beginning, because each time a temperature has been taken a plastic disposable tip cover is thrown away - figures and facts here are ridiculous and extremely expensive. There wasn't a damn thing wrong with the 37½ cent thermometer.

Many hospitals have beds ranging from one to five thousand dollars (Regular Beds). these could of been designed by Engineers and Scientists at ORDC, NRC, and other government bodies, and then submitted for tenders where they could be purchased from \$125.00 to 579.00 each. (The same principal as the roads, works, etc. departments use.)

There are many more purchases ranging from instrumentation to paperwork which could not only save money, but provide a much needed standardization of major expenditures.

Proper designing and planning of hospitals is another item. Factors in Engineering, Architectural, construction, maintenance, effective staff development; computerized purchasing inventory and administrative control could save Billions of dollars.

By the way, do doctors get paid for peeping in a sleeping patients?

A closer and more effective investigation of Medical Lab financial reports and records could reveal much more than you read about in the News. One of many are pre printed prices on key punch, OHIP invoices with printed signatures of doctors which are very difficult to establish any validity. I'll send a few to the liberal investigation department Mr. Eakins. And how about all patients signing documents which reveal treatment, time and price? There are items regarding the Medical Problems too numerous to mention here - they turn my stomach. The Area of Minden, Bancroft, Dorset and Haliburton desperately need a major hospital. Enough about this.

Nowhere in his speech did Eakins mention anything pertaining to a quick solution to the Haliburton County situation. Has he ever mentioned a heavy tax levy to foreign speculators and a more effective control of Canadian Speculators?

Has he ever fought hard on motions to prevent Mortgage racketeering - incriminating inflated rates and a control on Mortgage Brokers. How hard is he trying to obtain full NHA recognition for this area, and check into some of their outdated construction regulations.

How about all the World War veterans who have been ripped off by VLA - particularly the ones with letters telling them they cannot live here?

What about our children and teenagers? What provisions for quick solutions are underway for physiological, educational, recreational and occupational programs? It is well known that the elementary and secondary school systems in this province are shot to hell, and higher levels of learnings do not prepare these poor soles for the working world. Have you pushed this hard, or are you aware of it? About our Winter programs (you probably haven't the slightest idea how to develop these or fight for them) - yet there are thousands under tremendous tension in populated jungles in this and other provinces plus USA who want to come to Haliburton but can't! Have you tried to work with the Chamber of Commerce, who need help? Do you know how to enforce effective criminal prevention programs - I doubt it, these are only a few you should of mentioned at the "House".

"These things take time and study" thats what you'll tell us. You should of thought of these and more before you accepted office and acted on them immediately. In the working world you would have been fired, but you MPP's know its not the case with your prestigious career or whatever you classify it. I've got more to say in my next letter to the Echo.

It would be very interesting to have a public debate with you, with myself as a liason of the people and you can have all your party members there for all I care - This is a challenge with intentions to help!

Yours very truly,
Bob Choma
Haliburton

Wins OPP scholarship

THUNDER BAY -- Kenneth Herman, a 16-year-old student at Fort William Collegiate, is the winner of the Ontario Provincial Police contest for a poster depicting the dangers of hitchhiking.

Kenneth won \$200 for his design showing the hand of a skeleton, thumb outstretched, superimposed on a scene of open highway, with the motto "Going my way?" His poster won over 872 entries.

OPP Commissioner H.H. Graham congratulated Principal Walter Gulka and two art teachers, Judith Hanson and Barbara Kuschak, for their co-operation in having Kenneth's poster submitted.

MINDEN, ONT.

Many of the Haliburton County old timers and especially those from Minden will remember this photo of the main street in Minden which was taken away back when. At a quick glance you can pick out the old model cars parked on the street

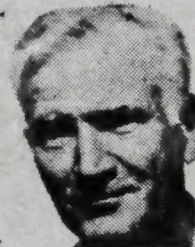

Pic of the Past

and the wooden walks in front of the business establishments. Our thanks goes out this week to Mr. Duncan Prentic of Minden for submitting this photo.

The Big Lie

©The Argyle Syndicate Ltd.

Bill Smiley

WHEN you manage to totter through to what is euphemistically called these days "middle age," you are supposed to be able to relax a little, slow down, take it easy, enjoy all those things you never had time for before.

After all, your kids are grown up now, and on their own. The mortgage is paid off, or nearly. Passion is not exactly spent, but let's say that you don't exactly turn to jelly at the sight of a big buzzoon.

If your health is reasonable, you should have a quarter-century of mellow living ahead, time to travel, to contemplate your navel, to read all those books, to cultivate your own garden, before you are quietly shuffled off to one of those institutions with the ghastly names, like Sunset Haven or Trail's End Paradise.

I am here to state, quietly but with grim ferocity, that this is one of the Big Lies perpetrated by our society on young people when they are raising their children.

It's a lot of poppycock, chaps. Take my advice and have all the fun you can while you're young. Go to Europe, buy a farm, take a year off. Do what you want to now, because you won't have time when you're middle-aged.

I just sat down here for a minute, to stop my head spinning, and it struck me

that it's the first chance I've had to sit down and take my usual cool perspective of life for weeks.

Life is not exactly a gay, mad whirl when you're middle-aged. It's more like a case of the blind staggers.

Just for example. If we're not running in one direction to see our two grandsons, we're running in another to see their 83-year-old great-grandfather.

Recently, in a wave of good feeling, we decided to treat my daughter and her husband to a night out. They are students, broke, and never get out. So I hawked up the price of dinner and a show, and my old lady told them we'd be delighted to baby-sit.

Fine. Any grandparents would do it. But it was akin to a disaster. First-born grandbabby, Pokey, was so wild with excitement at seeing his favorite toys, servants and sycophants, that he ran around the apartment like a demented chipmunk, up and down over the furniture, leaping into arms, jabbering and laughing and roaring with defiance at any effort to cool him down.

And the other guy, the little, fat new one, is a bawler. He doesn't even bawl at the drop of a hat. He bawls at will. And at Suse. That's my wife. I'm Will.

The young couple left at 6.30, baby asleep, Pokey fed.

Two minutes later, the bawler was at it. Two hours later, he was still at it. Somewhere in there I'd managed to stick our dinner (a frozen chicken pie) in the oven. At 8.30, my wife was sitting with him on her knee, trying to give him a bottle with one hand and spear a bit of chicken pie with the other. Across from her, I sat with Pokey on my knee, feeding him every second bite of my meagre portion.

At 9.20 we had them both asleep. We collapsed. At 9.45, little fatso woke up and bleated for titty. He scorns the bottle. Suffice it to say it was a long evening.

But that was unusual, you say. Most of your life is pretty tranquil and even in tone. Well, that's what you think, Buster. I didn't even curl this past winter, and scarcely had time to blow my nose.

Right now, aside from a full day's teaching, I am doing the advertising and publicity for the school Open House, preparing to be a guest on a panel discussion and modelling for an art class. In my spare time, I mark papers and prepare lessons.

Modelling, did I say? Yep. I'm a model. The art department at the school wanted a live model. They conned me into it by pretending they wanted somebody with character in his face. Well, I

have lots of that: wrinkles, broken nose, bloodshot eyes, the lot. Later, I discovered the reason I was chosen was because I was the only teacher who had a spare that period, except for one woman teacher, and she refused to model in the nude.

I didn't. I was all for it. So were the student painters. But the puritanical old administration wouldn't allow it. They were afraid they'd have girl art students fainting all over the place. Not in awe. In horror. So I have to do it in a loincloth, with a mask over my eyes so they won't know who I am.

You think I'm busy? You ought to see my wife. Aside from her regular housework, she teaches piano, knits and

sews (simultaneously, it seems to me), prepares the income tax return, chooses and uses new paint and wallpaper, runs around trying to find clothes for two grandsons, and gallops down to Simpson's order office to return things three times a week (it was she who put Eaton's catalogue out of business.) And we haven't even started on the garden yet.

So. Just a word of wisdom to you young people. Don't swallow that bromide about a serene middle age. It's about as serene as Saturday night in the corner saloon. Gather ye rosebuds while ye may,

Ye won't have time when ye're old and gray.

Fallacy of minimum wage

By KENNETH McDONALD

All Canadians share concern for the plight of the working poor. They prefer work to welfare. Yet recipients of welfare are awarded benefits — public housing, free health and dental care, subsidized transportation — which provide a higher living standard than can be got from working. But attempts to help the working poor by raising the minimum wage only cause more distortions.

Wage differentials are created by unions in the public and the private sectors. In order to narrow the gap between the organized and unorganized sectors of the labour force, governments raise the minimum wage. It hasn't worked. Each group continues to maintain its own differential and the whole wage structure rises. Result: more inflation.

Haliburton Highlights

When we woke up on Monday morning the weather was frightful. That's right it was snowing and the ground was covered all over with the white stuff. It reminded us of a day in December. Cheer up nicer weather is ahead we hope.

Don Nicholson, representative on the Children's Aid Society Board of Directors, gave a summary of the annual meeting and encouraged those present at the recent meeting of the Haliburton County Social Planning Council to become members of the society.

In last week's Echo under the heading Larry Watson representative to Ottawa we stated that Larry was a Grade 11 student. It should have read a Grade 12 student.

Handrails and bannisters are vital to stair safety. They should be installed on any stairs with a rise of more than a few steps - and they should be used. (Some people regard them only as an emergency device. But if your hand is on the rail the emergency may never arise.)

Many people fall because they think they've reached the bottom and the unexpected step destroys their balance. A newel post or specially shaped railing can provide a warning, as can a lighter color at the foot of the stairs.

Throw rugs should never be used at the head of a stairway. Don't leave household items on stairs, "until the next trip" - which is often the wrong kind of trip. And don't carry more than you can handle or see over.

Work is underway on the new Haliburton Pharmacy building next to the medical centre in Haliburton. The construction will be done by Broadworth Construction Ltd. of Bancroft.

Help Beat Cancer. If you haven't sent in your donation please do so today. Please donate to your canvasser when they call or you can send it to Treasurer, Victoria-Haliburton Unit, Canadian Cancer Society, 3 Cambridge St. S., Lindsay, Ontario.

If you have any old photos of days gone by, send or bring them into the Echo office so that we may put them in the Pic of the Past.

Motor vehicle accidents are responsible for the greatest number of accidental injuries and deaths in Canada. St. John Ambulance advises, keep your car in good mechanical condition, use your seatbelt and drive safely.

You are invited to attend Prenatal Classes at the Health Unit Office in Haliburton on May 5th, at 7:30 p.m.

Effective, April 26th, 1976 the new CNR station hours at Haliburton are as follows:

Monday - Tuesday - Thursday - Friday
1:00 p.m. to 4:00 p.m.
Closed Wednesdays

In bathtubs and showers, install well anchored grab bars and traction mats or strips. Always mop up spills in bathroom, laundry, kitchen or anywhere people walk. Even a dropped ice cube can cause trouble. A well polished floor is less slipper than one with a residue of unrubbed wax.

Dynamic new approach cuts accident incidence

(The following article continues a series on Workmen's Compensation in the province of Ontario.)

The Ontario Workmen's Compensation Board's fight against workplace accidents and their aftermath is a multi-front campaign. Among more dramatic recent developments have been results of a unique new approach to accident prevention now carried out under joint sponsorship of the WCBO, the Industrial Accident Prevention Association (one of nine Ontario-based safety groups directly supported by the Board) and St. John Ambulance.

Project FACTS 1 and 2 and Project LIFE are perhaps best described as positive-action accident prevention programs founded on the premise that a basic knowledge of First Aid techniques makes a person more conscious of accident potential, in any environment, and less likely to be involved in a mishap.

The FACTS projects - First Aid Community Training for Safety - gave the theory its baptism of fire.

Project FACTS 1 was carried out in Orillia over a three-year period ending in June, 1972. Objective was to provide St. John Ambulance Emergency First Aid Training to as many residents of the community as possible. In the event, 5,514, about 23 per cent of Orillia's population, were trained under Project FACTS 1. Based on comparisons of accident statistics from pre-FACTS years with current experience, a statistical research team from York University established a positive relationship between First Aid Training and reduction in accidents. Results of the Orillia experiment and related data demonstrated that companies with top line safety programs could reduce accident rates by 30 per cent or more by training all employees in basic First Aid. Further, where safety practices might be considered only marginal, reduction of accident incidence by 20 per cent or more

is a possibility under the First Aid training approach.

Orillia's Project FACTS 1 provided the cornerstone. Project FACTS 2 in the Cambridge-Guelph area laid the main foundation for what many accident prevention experts regard as an approach which can lead to a major breakthrough in cutting back on the incidence of accidents; and, in addition, reduce the effects of an injury when they do occur by making it more likely the victim will receive proper First Aid treatment promptly.

Project FACTS 2 concentrated on providing First Aid training for employees of industries and businesses in Cambridge-Guelph. From January 1973 to December 1974, inclusive, 3,682 received FACTS 2 training. The same York University team which had assessed results of FACTS 1 also made comparisons of accident incidence in the Cambridge-Guelph area following the FACTS 2 training period. Basis of the comparison was the accident incidence experience of job and work environment related groups of trained and non-trained personnel.

The research team's conclusion: All other factors established as relatively equal, a person with First Aid training is less likely to be involved in an accident than a person without such training.

Project LIFE, - Learn Industrial First Aid Effectively - which is being carried out in Mississauga, Oakville, Burlington and East Hamilton, and establishment of a program to provide LIFE-type training for employees of firms throughout Ontario, are designed to bring the Projects FACTS established principle of accident prevention through First Aid training to bear across the province.

Carnarvon news

Mrs. Bert Harrison.

The Norman Wallace's two girls were home too, Dorothy and her husband from Tillsonburg, and Margaret and her husband and baby from Ottawa.

The Wm. Chambers had Brian and his wife from London, also Allison and her husband from Ottawa.

Luan Renouf and her friend stayed with Mrs. Grace Renouf, they are to be married in May.

Quite a large number of our summer residents were up, and it was a grand weekend as far as the weather went, and after church the ladies served a lunch and coffee and a lot of people renewed their acquaintances with each other.

On Easter Sunday Zion United Church was packed to capacity, we had a lot of summer visitors and the service was beautiful for that day.

We are sorry to know that Mrs. Eileen Barry is in Civic Hospital in Peterborough, and trust that she will soon be well again.

Grace & Heather Renouf were in Toronto for a few days this week, and we had a lot of our own residents for the weekend.

Colin and Ron Russell and their friend Bill Townsend of Toronto visited with the Sinclair Russells. Ken Stouffer was home with his parents Mr. and Mrs. Elgin Stouffer. Roger Harrison of Oshawa stayed with Mr. and

Stanhope council meeting

Members present included Reeve, S.G. Nesbitt, Deputy Reeve James Harrison and Councillors, Napier B. Simpson, John Tomlinson and Harry Davis. Also in attendance were the following individuals and delegations: Mr. James Moore, Building Inspector, re By-Laws; Mr. M. MacLachlan and Mrs. Hazel Gammage re proposed road closing and road maintenance; Mrs. Louise Watson Sect-Tres. reports re Airport; Mr. Paul Osinchuk re proposed subdivision; Mr. Elgin Stouffer re proposed subdivision, Mr. Alex Stevenson re Library; Mr. Richard Kinsman, Fire Chief, Mr. Ross Ballantyne and Mr. Gordon Martin re Fire Department business; Mrs. Elizabeth Nunn re property title; Mr. Ray Woodward re baseball team; Mr. John Barclay and Mr. Cecil Irwin interested citizens.

Moved by Jim Harrison
Seconded by B. Napier Simpson. Be it resolved the minutes of the regular meeting held March 16, 1976 and also the minutes of the special meeting held March 19, 1976 be adopted as circulated. CARRIED.

Moved by B. Napier Simpson
Seconded by Jim Harrison. Be it resolved the Clerk contact the Ministry of Health requesting available equipment for an emergency vehicle at the Fire Department. This equipment would be similar to that which is issued to any "First Response Team" which is designed by the Ministry. CARRIED.

Moved by B. Napier Simpson
Seconded by John Tomlinson. Be it resolved that council approve a \$200.00 donation to the Haliburton Highlands Chamber of Commerce. CARRIED.

Moved by Jim Harrison
Seconded by B.N. Simpson. That a letter of Thanks be sent to Mr. and Mrs. Thomas Nunn for their donation of books to the Stanhope Library. CARRIED.

Moved by Jim Harrison
Seconded by Harry Davis. Be it resolved that council accept the tender bid approved by the County Road Committee for the supply of 10 tons of bag calcium to be delivered to the Municipal Garage. This acceptance subject to the approval of the Ministry of Transportation and Communications. CARRIED.

Moved by Jim Harrison
Seconded by John Tomlinson. Be it resolved that council request the Ministry of Transportation and Communication to transfer to the Township of Stanhope parts 1,3,5 and 6 of Plan P2651 78 by "Order in Council" to provide legal right to the Township for maintenance purposes of part of old "Highway 35" if feasible to the Township. CARRIED.

Moved by Harry Davis
Seconded by John Tomlinson. That council suggest a decision on the proposal by Mr. and Mrs. MacLaughlin and Mrs. Gammage to purchase part of a boundary allowance on part Lot 31, Concession "A" be deferred until an on-site inspection of the property may be done. CARRIED.

Moved by B. Napier Simpson
Seconded by Jim Harrison. Be it resolved that council agree in principle with a proposal from Mr. Osinchuk with regard to a proposed plan of subdivision on part lot 16 and 17, Concession IX which will create five (5) summer residential proper-

ties. This agreement subject to provisions of subdivision conditions in the Planning Act being fulfilled. CARRIED.

Moved by Harry Davis
Seconded by Jim Harrison. That council acknowledge the monthly report of Mrs. Watson, Sect.-Tres., Airport Committee and direct a letter be sent to Mr. and Mrs. Thomas Nunn, thanking them for the volunteer work and service which they contributed during past years at the Stanhope Municipal Airport and every wish for success and happiness in their new venture. CARRIED.

Moved by John Tomlinson
Seconded by B.N. Simpson. Be it resolved that council accept the tender bid of \$0.26 per gallon from Canam Oil Services for the supply and application of 30,000 gallon of non-asphaltic dust layer on designated roads within the Township. The acceptance subject to the approval of the Ministry of Transportation and Communications. CARRIED.

Moved by Harry Davis
Seconded by John Tomlinson. Be it resolved that council authorize the representatives from Stanhope Township on County Council to protest the Board of Education's 1976 requisition general percentage increase and in particular the percentage increase to Stanhope Township. CARRIED.

Moved by Jim Harrison
Seconded by John Tomlinson. Be it resolved that council accept the tender bid of \$600.00 from Francis Thomas for the supply and installation of an adequate septic system approved by the local health unit for the Stanhope Municipal Library. CARRIED.

Moved by John Tomlinson
Seconded by Harry Davis. That council has no objection to the replacement of the private Big Hawk Bridge. CARRIED.

Moved by B. Napier Simpson
Seconded by John Tomlinson. Be it resolved that Sharon Harrison be engaged as painting contractor for the Stanhope Municipal Library at \$5.00 per hour. This work to be complete by July 31, 1976. James Harrison abstained. CARRIED.

Moved by B. Napier Simpson
Seconded by John Tomlinson. That council agree in principle with the proposed plan of subdivision on part Lot 8 and 9 Concession VIII presented by Mr. Elgin Stouffer. This agreement subject to subdivision legislation being followed and approved by appropriate departments. CARRIED.

Moved by B. Napier Simpson
Second by Harry Davis, Jim Harrison, John Tomlinson. WHEREAS the Provisional County of Haliburton Board of Education has forwarded the 1976 requisition of monies for elementary and secondary school purposes; AND WHEREAS the council of the Corporation of the Township of Stanhope is of the opinion that the apportionment made imposes an undue burden on the ratepayers of this Township; AND ALSO WHEREAS Statutes authorize the council to make application to the Board of Education for an arbitration to determine the proportion of sums required for school purposes that each Municipality shall bear in such year; NOW THEREFORE the council of the Corporation of the Township of Stanhope hereby makes application to the Provisional County of

Haliburton Board of Education for an arbitration to determine the proportion of sums for school purposes that each Municipality shall bear in 1976. CARRIED.

Moved by Jim Harrison
Seconded by B. Napier Simpson. Be it resolved that council accept the tender of \$20,210.80 less PST if exempt from Embassy Management Ltd., for the supply and erection of the pole frame building (Stanhope Municipal Garage) as outlined in specifications and plans on pages numbered 1-10 by R.W. Wessman and subject to conditions contained within applicable advertisements. This acceptance subject to approval of the Ministry of Transportation and Communications. And as well a performance bond be required for 100% of building. CARRIED.

Moved by Jim Harrison
Seconded by John Tomlinson. Be it resolved that general accounts totalling \$2,059.43; March 1976 Welfare totalling \$2,128.05 and Road Voucher #76-3 amounting to \$3,291.88 be allowed for payment. CARRIED.

Moved by Harry Davis

Banquet held by United Church bowlers

The United Church Bowler's Banquet was held on Tuesday, April 13th in the Minden United Church Hall. Thoroughly enjoyed by all. After the dinner the secretary read the report and rules for next fall.

The election of officers had several nominations then, after some discussion, the officers of the previous year remain: President Virna Wagg, Vice President, Gladys Wruth, Secretary Bessie Burk, Treasurer Hetty Green.

Virna then asked the ladies of the church to come and receive our thanks and a cheque for \$200 which was given to Dr. Jamieson on behalf of the U.C.W.

The team of the year was Diane Stevens with Bessie Burk, Eleanor Young, Isabelle Gibbs, Mary Wright and Vera Fuller. League Crests were sold to the league winners and a pin of merit was given to our secretary.

Play-off champs of this league were Jim Green, Maude Coulter, Irene Minaker, Barb Carpenter, Hilda Harrison and Muriel Brown. Low team was Cy Preston, Virna Wagg, Marg Barnes.

There were three ladies with perfect attendance, Bessie Burk, Gladys Wruth and Virna Wagg and four bowled over 300, Mary

Seconded by B. Napier Simpson. Be it resolved that council approve payments totalling \$11,616.94 under the 1975-76 Local Initiatives Program (Stanhope Municipal Library). CARRIED.

By-laws 76-4 to appoint a chief building official, 76-5 for the purpose of enacting regulations respecting building permits; 76-6 to stop up, close, exchange and sell part of an original road allowance; 76-7 to authorize the execution of documents; 76-8 to authorize the purchase of a fire department emergency vehicle, were received and read a first time. CARRIED.

By-law 76-4 to 76-8 inclusive were read a second time and referred to a committee of the whole council with Jim Harrison appointed Chairman. CARRIED without amendment.

By-laws 76-4 to 76-8 inclusive as reported by the Committee of the Whole were read a third time, passed, signed, and sealed with the exception of By-law 76-6, third reading will be given on June 9, 1976. CARRIED.

Moved by B. Napier Simpson
Seconded by Harry Davis. Be it resolved this meeting do now adjourn at 6:30 p.m., until May 5, at 9:30 a.m., unless called sooner by the Reeve. CARRIED.

Halls Lake news

Beautiful sunny mild weather over the Easter week-end certainly made for a happy time. Families arrived and many were seen to be cleaning up their property and the beach by their cottages. Lots of open water but still ice floating about in our lake.

The Good Friday Service at Maple Lake, St. Peter's and Easter Service at St. Stephen's were nice occasions. Flowers in abundance on Sunday at St. Stephen's were lovely, some in memory of Bill Mole, and some cut flowers given by Mr. and Mrs. Lou Penick of Hamilton.

It was nice to see the Alfords and their son and daughter visiting with the Gartshores and Miss Marjorie Johnson over Easter, and all attending church together. It was nice too, to see Garth and Wanda Mole along with Laura.

Crocus blooms close to the warm earth look so pretty these days, and tulip bulbs are well on their way, as are the buds on the trees. There should be plenty of lilacs out in May again this year. Just hope we don't have a cold spell now to keep things back.

It was good to see Dr. George Morrow and his wife Eleanor up from the City, also Ron Morrow who is taking his Masters' Degree at Simon Fraser University in Vancouver.

The McGuires and Hazel Welch enjoyed having the Anderson Family with them for the special weekend.

A nice group of young school friends spent the week-end at the Fletcher cottage, from the Hamilton area.

Bonnie and George Holliday from Mount Forest, and Miss Rosemary Stinson spent a few days with their parents. It is always good to have the young folks come home!

Club 35 continues to hold successful Euchre Parties each Monday evening, with Mr. Arthur Hunt taking charge and two lady members supplying something appetizing for refreshments. A Spring Dance is being arranged for Saturday, May 15th and tickets will soon be available from any member.

Mrs. Farrington of the Wee Boutique held a preliminary rehearsal for models and dressers and anyone connected with the Bouquet of Fashions to be held May 1st, at the Home, last Monday evening. It should be a popular event, proceeds go to the Auxiliary for projects to help the Residents.

Cottagers on the Shangrila Road complain about the number of windows in their cottages that they find broken upon their checking in for the first time. One owner of a lovely place on Welch Lake found his glass patio doors, plus other windows, smashed deliberately. We wonder who these crazed individuals are who have to break and destroy other peoples' property. We heard a lot of commotion in front of our place the other night around midnight, or after, and looked out to see a youth with a slingshot and stones deliberately trying to hit the dusk-to-dawn lights which protect our little area here at Hall's Lake. When I banged the window he quickly threw the slingshot into the car and they drove away too quickly for me to get their licence number. I'd say they were up to no good, and probably the type the

Law is looking for.

Lovely birds flying everywhere again and their early morning songs fill the air and one awakens to their chatter in the pines. Loons on the Lake add their special laughter and Mr. Hart watched a formation of Canada geese returning from their holiday in the South fly over one day as he was raking up his front yard. Yellow grosbeaks and sapsuckers were in abundance in the churchyard on Sunday and Len saw numbers of red-winged blackbirds down among the trees going toward the lake.

Each time we buy a new pair of sheets, especially flannelette ones, we should take time out to put a new hem on them, as even after one washing they ravel badly. Several of us feel that women's dresses and other garments are made with such poor thread and although they are "guaranteed washable" they ravel or come apart. With all the new techniques and materials and indeed higher prices we should expect and demand better quality in household purchases and clothing. Where do we start - Market Place or Ombudsman or Judy LeMarsh who is being paid a high salary to study Crime - and we think it is a crime!

Mr. and Mrs. Herb Bock had their daughter Heidi and her husband Martin, and also Ursula home for the Easter weekend.

Mr. and Mrs. Norman Taylor journeyed to the home of her son to spend Easter.

Mrs. Wheeler and Mrs. Wilkinson will soon be returning to their respective homes.

Nice to see Marj Ferguson and her friends up for a holiday.

It is nice to see Mr. and Mrs. John Hewitt driving about again, he was hospitalized in Toronto for several weeks while she visited with her daughter. They have a nice cottage here on the Lake but reside in Minden during the Winter months.

Young Gary Hunt of Agincourt, aged 14, spent several days at Eastertime with his Grandfather, Mr. George Hunt, on the Big Hawk Lake Road.

Mr. Golchuk and his young people were up this weekend from St. Catharines, cleaning up around their cottage.

Both Mr. and Mrs. Pete Sawyer are ill, he in Toronto, and she in Minden Red Cross Hospital. We send our best wishes to both of them at this anxious time.

Mr. and Mrs. Carl Schorno have returned from Toronto where Carl underwent surgery, and it is good to have them around again.

A very good sermon was preached by the Rev. Douglas Brown at Boshkung St. Stephen's yesterday. Mrs. Oliver played the organ and the usual small congregation were in attendance.

Much cooler weather this weekend than last but we are lucky not to be under 3 to 6 inches of snow such as they had in Kitchener, Mount Forest, Elora, and North of here. Monday morning and there is a little snow on the ground and the roof tops.

Work crews of volunteers are busy with the new addition to the Stanhope Firehall already. Also some of the men members of Club 35 have started to paint and spruce up the hall inside. Kitchen and Washrooms will soon look much improved.

The Committee from the Stanhope Airport had a work party on Saturday and

worked like beavers to clean up the place inside and outside. Pamela Rolfe is away to England on a trip and a farewell to Tom and Elaine Nunn who leave shortly for Perth, Ontario, was held recently at the Barnett's home. A Fly-In is being arranged for June 6th so the Committee is busy making the place presentable for this popular event.

The MacDonalds had their friends, the Peers, from Burlington for the weekend.

It was a shock to hear that our old friend Colonel McNaughton had passed away while on a visit to spend Christmas with his son in Vancouver last December. Just had a note from his wife. They live in Toronto and have had a summer home on Boshkung Lake for many years. Colonel and Mrs. Burry are both gone and the four of them were such good friends through the years - we shall miss their frequent visits.

Hope you have your tickets for next Saturday night's Bouquet of Fashions at Hyland Crest, at 8 p.m. It promises to be a nice evening with lovely Models and clothes, prizes and refreshments. It will be a good evening's entertainment and you will be helping the Auxiliary funds for purchasing things needed at the Home for the residents.

Mr. and Mrs. Don Hall of Burlington are spending a few days at their attractive cottage, having been South for a holiday in the Sun. Dorothy had the misfortune of falling and breaking a leg while at the cottage during the Winter but is now out of her cast and feeling almost normal again.

Don't forget the Auction the volunteer firemen are holding at the Stanhope Firehall on the 22nd of May! They are busy collecting good used articles (not clothing) for this event and it promises to be an exciting day for raising funds for this new addition to the Firehall they are building.

Spring must be well on its way to Summer as people are beginning to ask where they can get accommodation for

the Summer months ahead, and the young people are wanting work. Everywhere there are signs of painting and raking up old leaves and the debris of winter. Green grass was beginning to show and now the snow is covering it up again. Oh well, it won't be long now until we complain of the heat...

Club 35's Spring Dance is only a couple of weeks away - May 15th, so we hope you are getting your dancing shoes ready for that evening of fun. With all the sad news during the long Winter months it is always nice to have a happy event to prepare for. Call on any of the members for a ticket or details Arthur Hunt is President.

Radio Club news

Attn. All Members or prospective members. Remember that meeting at the West Guilford Community Centre is to nominate the executive body, so if you want a say in how your club is run, plan to attend this meeting. The Constitution Committee has been hard at work and we will have it ready to be put before you for adoption. Any G.A.S. operator with a single sideband set who hasn't already joined Haliburton Sidebander (on the air club - no membership fee) may do so by contacting Keith Prior XM 43-3104 or Steve Bodmore XM 42-23560. Sideband membership is up over 40 now so how about it guys. The local walkies are now well organized and are operating on "Ch. 21" with "on the air" meetings. The next call is being organized by R. Gow (Big Fuzz Base). The operators of the walkies have agreed not to use the call tone capability of the walkies unnecessarily, so let's return their courtesy by keeping "Ch. 21" clear for them. Well that's all the news for now. C'being you down the log.

Steve XM42-23560

For details of next meeting contact Keith Prior, Steve Bodmore, Reg or Ev. Brooks, or Jim Ridgwell.

| | - approx. 1/2 mile |

If you live in any of these areas and would like to consider cable service, please telephone 457-1040 and leave your Name, Address, and Telephone number.

Letters to the Editor

Dear Mr. Editor:

Very recently a very sad thing happened in our community, in the death of Mrs. Ellen Mulholland leaving five children orphaned, and the instantaneous help and need of this orphaned family by the West Guilford Community was indeed gratifying and no doubt some other good people came through too!

But lest we forget another time when this valiant woman lost her husband about three years ago, leaving her to raise these five children, the instantaneous help given by Marvin Brown and Belinda his wife! It would indeed be a great loss if for reasons which everyone knows about now existing in the Browndale Organization were to leave us. It's true: Marvin and Belinda couldn't or even wouldn't have been here to be able to give assistance if it hadn't been for John Brown establishing Browndale here, which sure did a lot for this area, and I'm sure a lot of people are thankful for that! But still! Not John Brown, Red

Cross, CNIB, Cancer Society or you name it, could function without the Peoples' money! Just in case you might say it was easy for Marvin Brown to extend all that help since it didn't cost him anything! But in spite of it all they are still trying to carry on.

There are a lot of things said about the organizations of Misappropriating funds! These affluent people that get the poor canvassers to go from door to door collecting funds for the various Organizations get a very nice Thank You letter while the upper crust gets a nice Banquet! I would call that money spent on the Banquet a misappropriation! True there has to be some full time people to take care of those funds! But there are usually others horned in on the feast! But our Government does the same and only gets their wrists slapped. Lucky are those that have an Uncle or some relative in Politics.

I guess the only real no graft Organization today that do their own collecting in freezing or balmy weather without politics were formed long before the Red Cross of the others is the, Army Salvation! My hat is off to them.

Thank you
Sincerely
Elizabeth T. Nunn

Report from Queen's Park

by John Eakins
M.P.P., Victoria-Haliburton

Replying to questions by Liberal Leader Stuart Smith, the Attorney General said the Ontario Government is investigating the leasing of property to the Browndale Homes organization. He told the Legislature that his department is looking into allegations that John Brown, the founder of the Browndale group, controls much of the property leased by the organization. Browndale is a non-profit organization caring for 300 mentally disturbed children in group homes across the Province, and the government pays \$55 a day for the treatment and housing of each child, with the annual Government bill for the programme amounting to \$7 million. The Government's investigation follows allegations of mismanagement made by Ian Sorbic, former director of Browndale group homes in Peterborough, who said this week that 16 children remain in houses in Peterborough, which have not been repaired despite a January order by the Health Minister.

Ontario may start issuing driver's licences which carry a picture of the driver, according to the Minister of Transportation and Communications, who has been considering such a scheme for some time. He has ordered his officials to speed up their investigation of the scheme's implications following this week's report on the problems of alcohol abuse among young people, which recommended the legal drinking age be raised from 18 to 19 years of age and young drivers should be required to carry identification cards. Both Opposition Leaders indicated that they are concerned that Id cards for young drinkers may infringe on the civil rights of young people.

Apparently, the Ontario Government tried to hide about \$77 million in additional education spending, Liberal Leader Stuart Smith charged in the Legislature this week. The government approved two Management Board orders - one in January for \$57.4 million and another in March for \$19 million. When asked why the government did not seek the additional education expenditures through supplementary estimates which must be dealt with by a house committee, the Chairman of Management Board said the government decided to allocate the money through Management Board order because of the closeness to the April 6th Budget.

Anyone selling meat for human consumption from animals which died from causes other than slaughtering will be subject to suspension or revocation of his licence to collect and process such animals. This new rule is part of a bill passed by the Ontario Legislature, which according to the Minister of Agriculture tightens up protection at present afforded under the Dead Animal Disposal Act.

Ontario was made "a laughing stock" in Ottawa by refuting an obsolete Federal Government proposal for a guaranteed annual income plan, Liberal Leader Stuart Smith said in the Legislature, when he asked the Minister of Community and Social Services why he had not advised the Treasurer of the new federal proposal in advance of Ontario's April 1st presentation. The Treasurer had told a meeting of finance ministers that Ontario estimated the plan would have cost almost three times the \$1.1 billion estimated by Ottawa. The Minister of Community and Social Services said the most recent federal proposal introduced in February had not been universally accepted by the Provinces.

Albert Roy, Liberal M.P.P. (Ottawa East) called attention to the fact that former MPPs now

employed on various provincial government boards and commissions should not be allowed to collect government pensions. Former Legislature Members receive a government pension, the amount depending on the length of time served in the House, and some former Members receive up to \$40,000 a year for sitting on various boards and commissions. The Minister of Government Services told the House she will investigate the situation and report back to Members.

The Minister of Colleges and Universities said in the Legislature that there is a gap between school and work which is not bridged, and he feels that industrial training needs in Ontario are not being met. As a first step he is appointing a new Industrial Training Council to advise the Government, and he wants the council to study some of the more controversial recommendations of a task force on industrial training.

Eight Toronto doctors facing medical disciplinary proceedings in connection with their relationship to Abko Medical Laboratory Ltd. could still face criminal prosecution, according to the Attorney General. The doctors are currently before a private hearing by a five member question by Margaret Campbell, Liberal MPP (St. George), the Attorney General said there is no mechanism to ensure the evidence taken at the hearing will be made available to police.

The Ontario Cabinet will examine the Church of Scientology's involvement in the mental health area, said the Acting Health Minister this week, who indicated that the last investigation of the group was conducted in 1967-68 by a special committee on the healing arts.

See you next week.

Stanhope to appeal

In the Echo of Wednesday, April 21st, an item appeared on the front page under the heading "Stanhope to appeal". This item was submitted by Alex Stevenson as part of his Stanhope Notes and all that was written was correct except for the last sentence.

The writer was in error in stating that "The Township instead of paying interest, will be earning interest on it's money."

The error arose from a statement by someone present at the Council Meeting who opened that by paying

off debts at this time of year, interest would be saved which would be the same as earning interest.

The writer wishes to apologize for any incorrect impression, or for any embarrassment which may have been caused.

From the Chamber

by Bob Stinson

How about this Weather: It must have something to do with us moving back to the Information Booth. We intend to winterize the booth but it hasn't been done yet. At any rate we are becoming well aware of what must be done by next fall in order to make the office comfortable. In the meantime we take comfort in the fact that this weather can't last - can it?

The resort industry was saddened last week to learn of the passing of one of our pioneer resort operators. Bruce Gould who started Birch Point Lodge in 1922 and was still active in its operation died on Good Friday at the age of 80. He will certainly be missed by his many friends including many guests at the Lodge that have been returning since Bruce first opened the doors. Our sincere condolences go out to the members of the family.

New members of accommodation industry that we met this week were Tom and Melanie Moffat, who recently became partners at Hospitality Inn and are now living there year round. We understand Tom is interested in joining the Minden Rotary and becoming involved in our community affairs. A big welcome to their family and we do hope you will make them feel at home.

Mike's Milk is expanding again. Mike has purchased the building that previously housed the Minden Progress and will shortly be moving his Minden store into the larger quarters. Brohm and Leighton have also moved into the building to make use of the office area.

Would you like to order some post cards. The Chamber has been offered a package deal on post cards that may save you some money providing we can group our order for 8 or 16 cards. If 8 members order 5,000 cards each, they can be obtained at .06 each. If 16 members order they would be only .05½ each. The cards would be standard 3½ x 5½ and the customer must supply their own 4 x 5 transparencies. If you are interested call the office today.

As usual inquiries for housekeeping cottages for the last two weeks in July and the first two weeks of August are very heavy and most of the establishments that we are aware of are booked solid at that time. If any of our members still have vacancies in that time slot it would be a good idea for you to give us a call.

Last week saw the regular train make it's last run to Haliburton. Express shipments will now be handled by truck and the train will only make it's appearance when they have car load freight to bring in. There has been a proposal put forth however, to get a passenger train running on weekends. That could be a real boon to the traffic weary week-end cottagers. Sure would be a shame to see those tracks unused in the midst of this energy shortage.

Ontario traffic

deaths increase

during 1975

TORONTO - Fifty-two more people died in traffic accidents across Ontario through 1975 than in 1974, according to preliminary year-end statistics released today by Minister of Transportation and Communications James Snow.

"Tragically, 1,800 people died on Ontario streets and highways during 1975 as against 1,748 in the previous year," said Mr. Snow.

The increase was three per cent.

"Increases in fatalities involving motor vehicle passengers, motorcycle drivers and passengers, and bicyclists accounted for the higher total" said Mr. Snow.

In all, 540 automobile passengers, 97 motorcyclists and 16 passengers on motorcycles, 56 cyclists and nine moped riders died in the 213,689 traffic accidents during 1975.

Seven hundred and seventy-four drivers died in crashes during the past year, against 778 through 1974.

Fatal collisions, too, were up 3.4 per cent; 1,520 against 1,470 in 1974.

While all collisions, including property damage only, were up 4.6 per cent, injuries resulting from collisions were down slightly, 1.7 per cent; statistically, 97,034 as against 98,673.

Two hundred and ninety four pedestrian fatalities were recorded, down 3.6 per cent. Three hundred and five pedestrians were fatally injured during 1974.

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT
AND IN THE MATTER OF A
PROPOSED BY-LAW
OF THE CORPORATION OF THE
TOWNSHIP OF STANHOPE
CONCESSIONS 6 & 7, FOR CLOSING
PART OF THE ORIGINAL ALLOWANCE
FOR THE SAID TOWNSHIP OF STANHOPE
AND EXCHANGE AND SELL THE SAME
FOR PART OF LOT 11, CONCESSION 6 AND PART OF
LOT 11, CONCESSION 7, FOR THE TOWNSHIP OF STANHOPE

NOTICE IS HEREBY GIVEN, pursuant to Section 446 of the Municipal Act, R.S.O. 1970, that the Municipal Council of the Corporation of the Township of Stanhope proposes to consider, and if deemed advisable, to pass at a meeting to be held June 9, 1976, at 3 p.m., a by-law to stop up, close, exchange and sell the following:

ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Township of Stanhope, in the Provisional County of Haliburton, being composed of part of the road allowance between Concessions VI and VII across part of Lot 11, in the said Township, and which said parcel or tract of land may be more particularly described as follows:

PREMISING that the bearings herein are astronomic and derived from the Southerly limit of Highway No. 35 having an assumed bearing of North 70 degrees 32 minutes 30 seconds West as shown on the plan attached to Instrument No. 39348 and are referred to the meridian through the North West corner of Lot 1, Concession 1, Township of Stanhope.

COMMENCING at the iron bar in the Southerly limit of the aforesaid road allowance which is distant 151.4 feet measured Easterly thereon on a course of North 68 degrees 51 minutes 30 seconds East from the North Westerly angle of the said Lot 11, Concession VI;

THENCE continuing Easterly along the aforesaid Southerly limit on a course of North 68 degrees 51 minutes 30 seconds East, a distance of 451.0 feet to an iron bar in the Southerly limit of Highway No. 35;

THENCE North 70 degrees 32 minutes 30 seconds West along the aforementioned Southerly limit, 101.33 feet to a cut cross in the Northerly limit of the aforesaid road allowance;

THENCE Westerly along the aforesaid Northerly limit on a course of South 68 degrees 51 minutes 30 seconds West, 328.42 feet to an iron bar;

THENCE South 13 degrees 31 minutes 45 seconds West, 80.24 feet to the point of commencement.

AND WHICH SAID parcel or tract of land may be further illustrated, shown in heavy outline on a plan of survey by H.C. Bishop, O.L.S., dated October 9, 1975, and hereunto attached.

AND EXCHANGE the same for Parts 1,2 and 3 of Plan 19 R-1011 deposited in the Registry Office for the Registry Division of the Provisional County of Haliburton on March 19, 1976.

AND ALSO, the Corporation of the Township of Stanhope will receive Fifteen Hundred Dollars (\$1,500.00) additional compensation for the said road allowance.

AND TAKE FURTHER NOTICE that before passing the said by-law at the meeting to be held at the time and place above mentioned, the Council of the Corporation of the Township of Stanhope, shall then and there hear in person or by his counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-law and who applies to be heard.

DATED AT STANHOPE this 14th day of April 1976
GERALD C. BAIN, Township Clerk

A recap on Winter

This was the Winter the Haliburton County Snowmobile Association came of age. It discovered its feet at age five. It became sufficiently confident in its own ability to succeed that it went in debt to provide better trails. With several directors remaining in office to give continuity to plans and projects already started, and with new directors buckling down to the task of making those projects work, forward movement was inevitable.

Perhaps we should thank the severe windstorm of last November for setting the stage. Trails laced with trees had to be re-cut. With the idea in mind of someday employing heavier grooming equipment, those trails were not only cleared of fallen trees, they were widened in the process. When the new Bombi went into service in February, a hundred miles of trail were ready for it.

Assistance through the Ministry of Natural Resources was down this year from last, however the \$6,700 Provincial grant provided improvement and maintenance to a trunk line and feeder trails connecting several communities in the county with Ministry trails to the South and to the East. While this trunk line did not become really popular this year as a through route, some sections of it and the feeder trails were very much in use. Anticipating heavier traffic in the future as the trail becomes better known, further improvement along it is planned for next season.

A grant from the County Council in the amount of \$500 was used along with membership revenues to provide maintenance on the Tri-Trail and other popular routes. Proceeds from several successful dances and a snowmobile raffle provided the down-payment for our Bombi purchase.

Membership in the association showed healthy growth. At the last count, 250 family memberships, 50 commercial members, and 100 affiliated club members, to push the total membership over the 400 mark. In all, these represent very close to a thousand snowmobiles. There are an estimated 1,800 registered

Along the Trails

Roy Bates

snowmobiles in the county. We now have about half of them, considerably better than the average snowmobile club affiliation in the Province.

A move this year to provide more on-trail activities was not entirely successful. One night ride and cook-out, to christen the new bridge on the Peterson trail, was well-attended, as was the one long ride to the Bobcaygeon area. Other rides and cook-outs were not so popular. I would predict that trail activities next year will be left to the discretion of members.

The second annual Snowarama in co-operation with the Minden and Haliburton Rotary Clubs was probably the most successful fundraising event in all of Ontario by population of the region. Pledges amounting to more than \$21,000 were turned in to assist in the treatment of crippled children in the Province and in the community. At last report some ten percent had not yet been collected. If you are one who has not honoured your pledge, please send it in.

Outlook Good

The future looks exciting for the snowmobilers of Ontario. Most clubs, like the HCSA are applying more energy to providing better trails. The snowmobile industry is showing an increased interest in better trails. People in the accommodations field have learned that to keep snowmobilers coming back winter after winter they too must invest in better trails. The wheels of Government turn very slowly but eventually someone in Queen's Park will realize that trail funding is a sound investment and there will be a better return from snowmobile taxation.

At this time next year, I shall expect to be writing a glowing report on the progress of the Haliburton County Snowmobile Association and indeed on the progress of all snowmobile clubs in the Province. If the interest and enthusiasm of the delegates to the Ontario Federation of Snowmobile Clubs convention this year is any indication the sport of snowmobiling is alive and well.

Last Column

I'll be giving my (two) typing fingers a rest. Look for the column to resume in September. Meanwhile, I have my duties as a director in the HCSA and the OFSC and I'll be keeping an eye open for any 'new' developments in the snowmobiling scene. Along the Trails may appear occasionally throughout the summer if there is something to pass along. Thanks, readers, for your favourable comments. See you next Fall, along the trails.

Immunization program to combat flu outbreak

Public Health Units in Ontario will undertake a mass voluntary immunization program to combat a potential flu outbreak this year, Dr. Bette Stephenson, Acting Minister of Health, announced recently. The program is subject to the availability of adequate supplies of the vaccine from Department of National Health and Welfare, Ottawa, who are acquiring the vaccine.

Ontario's 43 local public health units, of which one is located in Lindsay, will administer the program to selected high-risk residents in September.

Ontario residents who will be urged to take advantage of the vaccination include everyone over 65 years of age; those who have chronic conditions, such as a heart disease, chronic bronchitis, and other metabolic disorders, and people between 20 and 50, with priority given those working in essential services.

The program is expected to take approximately four weeks to complete.

Two different types of vaccines will be available. One is a combination of A/Swine and A/Victoria vaccine to be made available for all over 65 and those with chronic conditions. The others will be a monovalent vaccine (swine only) for those

people between the ages of 20 and 50.

Services and vaccines will be provided free to the public health through local health units.

Ready to assist in immunization

The physicians of Ontario are ready to assist in any required immunization procedure for the proposed swine flu' prevention program, Dr. D.C. MacNeill, president of the Ontario Medical Association said today.

He noted there are only 43 public health units in the province and that millions of doses of vaccine would have to be provided.

Dr. MacNeill said, "A co-operative endeavour involving the medical officers of health and the local branch societies of the Ontario Medical Association would be the most effective approach to the problem." He declined to comment on the medical fees for such a program indicating they would not be a factor in setting up this important undertaking.

"Our prime goal is to meet the health needs of the people of this province and physicians in Ontario have a long established tradition in their responsible approach in preventive medicine programs," said Dr. MacNeill.

Haliburton County Board of Education

Financial Statement as at December 31, 1975

TO THE HALIBURTON COUNTY BOARD OF EDUCATION

We have examined the Balance Sheet of the Haliburton County Board of Education as at December 31, 1975, the Revenue Fund Statement of Operations and the Capital Fund Statement of Operations for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these Financial Statements present fairly the financial position of the board as at December 31, 1975 and the results of its operations for the year then ended, in accordance with accounting principles generally accepted for Ontario school boards applied on a basis consistent with that of the preceding year except for the change in accounting for fixed assets as described in note 1(b).

TOTAL CAPITAL FINANCING	\$84,247	\$78,422	

NOTES TO FINANCIAL STATEMENT
For the year ended December 31, 1975

1. ACCOUNTING POLICIES

(a) Accrual Accounting
The accrual method for reporting revenue and expenditure has been used with the exception of reporting of charges for net long-term liabilities. Principal and interest charges are not accrued from the due date of payment to the end of the fiscal year.

(b) Fixed Assets
Fixed Assets are charged to current expenditures unless financed by long-term debt. Principal and interest charges on net long-term liabilities are included in expenditure in the period due. Fixed Assets are included in the Balance Sheet only to the extent of the balances of the related net long-term liabilities outstanding at the end of the fiscal year. For 1974 and prior years, fixed assets were reported at cost.

2. RESERVE FOR WORKING FUNDS

The reserve for working funds at December 31, 1975 is applicable to the elementary and secondary school operations of the board as follows:

Elementary	\$82,000
Secondary	\$118,000
Total	\$200,000

3. EMPLOYEE SICK BENEFITS

Under the sick leave benefit plan, unused sick leave can accumulate and employees may become entitled to a cash payment when they leave the board's employment.

These accumulated days, to the extent that they may be used to determine the cash payment to an employee on termination, amount to \$209,785 at the end of the year. No provision has been made on account of the sick leave benefit plan.

4. DEBT CHARGES AND CAPITAL LOAN INTEREST

The expenditure for debt charges and capital loan interest reported in the Revenue Fund Statement of Operations includes principal and interest payments as follows:

Principal payments on long-term liabilities	\$112,800
Interest payments on long-term liabilities	\$149,588
Total	\$262,388

Haliburton County Dental/Survey Examinations held

Grades K - 8

Conducted by Dr. Jim Shosenberg, assisted by Mrs. Phil Childs during February, March and April, 1976.

Archie Stouffer - 502 examined, 11% poor oral hygiene, 57% no decay, 12% Urgent.
Cardiff 134 examined, 10% poor oral hygiene, 48% no decay, 16% urgent.
Dorset 65 examined, 17% poor oral hygiene, 60% no decay, 8% urgent.
Gooderham, 29 examined 3% poor oral hygiene, 24% no decay, 31% urgent.
Haliburton Sr. 461 examined, 13% poor oral hygiene,

60% no decay, 11% urgent. Victoria St. 243 examined, 8% poor oral hygiene, 40% no decay, 10% urgent. Wilberforce 99 examined, 9% poor oral hygiene, 33% no decay, 11% urgent.

Total examined 1533, 11% poor oral hygiene, 53.2% no decay, 11.9% urgent. cf. 1973-74 Averages poor oral hygiene 15.4%, 50.2% no decay and 16.5% urgent. cf. 1970-71 Averages 21% poor oral hygiene, 14.6% no decay, 19% urgent.

It is gratifying to note improvement in all three (3) Dental Health indices viz. 5.4% less students with Poor Oral Hygiene 3.0% more students No Decay

and 4.6% less students in Urgent Need of care.

Of particular note are the higher percentage of students "No Decay" at Archie Stouffer, Cardiff, Dorset and Haliburton Highlands Sr. Elementary.

These high levels are reflected in the overall county average of 53.2% "No Decay".

It should be possible to see these levels maintained and perhaps even further improved, provided that,

1) professional services continue to be available and utilized in Minden, Haliburton and Bancroft.
2) the Fluoride Mouth-Rinsing Program, initiated in the Fall of 1975 is continued.

3) Further specific action be taken on behalf of the students at Wilberforce and Gooderham. With the concurrence of the Director of Education and the principals involved, this would be to attempt to have the Ministry

of Health Dental Coach relocated at Wilberforce.

Sugar goes Metric, weights go whacky

In some Canadian supermarkets, shelves are now stocked with sugar packages marked in grams and kilograms. These nice rounded metric figures indicate that the changeover to metric has definitely begun.

The sugar industry is one of the first to completely convert to the metric system. Already in Manitoba, Saskatchewan and Alberta, sugar is available in metric sizes only. The remaining provinces are scheduled to make the switch by the end of April 1976.

Some of the new metric packages actually contain more sugar than the imperial packages, which they are

replacing; others contain less. The increase or decrease in size should be matched by a corresponding change in price. This simple chart may help you make the adjustment.

Previous Imperial Weight: 1 pound; Metric Replacement: 500 grams. Equivalent in pounds: 1.1 pounds; 2 pounds; now 1 kilogram or 2.2 pounds; 5 pounds, 2 kilograms, 4.4 10 pounds, 4 kilograms, 8.8 pounds.

Once you're used to buying your sugar in grams and kilograms, you'll find it easier to adapt to the changeover in other food products, Agriculture Canada says.

"We sell the Earth and Insure its Contents"

Gems of Truth

Resurrection Nuggets

Since there are some diversities in the four Gospels of the account of the empty tomb, some would decry the validity of the resurrection of our Lord. The angelic appearances, the number involved and the attentive attitude of these heavenly messengers is very interesting indeed. Contradictions may be seen, if one is so disposed, out of these variety of accounts. But much wiser is the view of the different reports to see sometimes one angel, sometimes two, sometimes one inside the tomb, sometimes one outside the sepulchre, sometimes none, as a variety of activity rather than discrepancy.

The fact that the crucifixion and resurrection attracted the appearance of these angelic ministers is proof indeed that the event was far reaching, even to Heaven's doorstep. Can you see that young man clothed in white, sitting in rapt attention and quiet adoration where the body of Jesus had lain? For what reason was he there?

Was it not because as the Cross power surged upward as well as downward by the Head of all creation, and both angel and man was affected by the demonstration of that unknown depth of love? Here shone forth a new dimension of what God is and what man is to God. No wonder that Scripture says "the angels desire to look into" that unveiling of the Gospel that saves man, 1 Peter 1:11-12.

The first preacher of the resurrection was an angel, a true ev-angel-ist. His message is given in a few sentences, but filled with wonderful comfort and surety. "Be not affrighted, ye seek Jesus of Nazareth, which was crucified, He is risen, He is not here" Mark 16:5-6. Here is the announcement of the mightiest miracle that ever took place on earth, a miracle which opens the door wide enough for all supernatural events recorded of the Lord Jesus Christ to find an entrance to the whole understanding and reason. "He is risen". The

angel declared His resurrection to be His own act. Jesus was not raised by any other power than His own. He the Son is Life, and it was not possible that Life should be held by death.

"He is risen, He is not here" is a historical fact that can not be gainsaid, the grave was empty. When the resurrection news began to spread abroad, the Pharisees would have gladly produced the body if that had been possible. The tremendous effect the empty tomb had on those who were there to scan it, is of great importance to us. The first hearers did not believe the testimony which they call on us to believe. However, the truth of the empty tomb with its far-reaching importance to mankind, was burned into their whole being when the Holy Spirit came to reveal the glory of that great event. Scripture abounds with the evidence of its reality and born-again believers are the living epistles of it.

For many centuries the vast majority of professing Christians believed in the bodily resurrection of Christ. But of late years, in many theological circles has arisen the custom of taking a word that has a clearly defined meaning and using it in a different sense altogether. For instance, such words as "inspiration", "incarnation" and "atonement", have suffered exposition in this way. Some will talk glibly about the resurrection, but they mean no more than a continuing experience of Christ's influence passed on from age to age. It has been well said that the best way to combat error is to present the "Truth", Jude 1:3.

The bodily resurrection of the Lord Jesus Christ is a strongly established fact. He Himself took great delight in meeting with His followers and proving to them the body they now saw was none other than His own. The nail prints and spear wound was to be a lasting memorial to the triumph of the Cross, John 20:24-29, Zechariah 12:10. His rising from the dead was different from any of those who preceded Him. Others had been raised to life through the agency of men of God. There are three Old Testament cases of this kind,

1 Kings 17:18-24; 2 Kings 4:32-37; 13:21. The New Testament records five, of which the Lord raised three, the widow's son, Luke 7:11-15; Jairus' daughter, Luke 8:40-42, 49-56, and Lazarus, John 11:1-44. The Apostle Peter also raised Dorcas, Acts 9:36-42, and the young man who fell from a window was restored to life by Paul, Acts 20:6-12. All these risings from the dead were temporary only, as they died again in due time. Not so the Lord Jesus, a complete victory over death was His accomplishment. He conquered death, not through help of a Prophet, but through His Divine power and the indwelling Holy Spirit, Romans 1:4; Acts 2:24; Ephesians 1:19-23. Death had no claim or dominion over Him!

"But now is Christ risen from the dead, and become the first fruits of them that slept," 1 Corinthians 15:20. All true Christians believe that the dead body of our Lord Jesus was made alive by a power of His own, the Holy Spirit not excepted. This is the true meaning of the word "resurrection" as it is used in the Scriptures. In our modern day, false shepherds and teachers can always be known by their denial of the fact of the bodily resurrection of Jesus.

Such teachers, perverting the Gospel, denying historical facts, wresting the Scriptures, and subtly changing the meaning of accepted phrases, glibly talk about a spiritual resurrection in place of a bodily one. That a belief in the bodily resurrection of Jesus is basic to true Christianity is clearly seen from Romans 10:9-10. Here salvation is hinged upon two great "ifs". "If thou shalt confess with thy mouth the Lord Jesus, and (if thou) shalt believe that God has raised Him from the dead, thou shalt be saved."

Such clear words of Holy Writ is ample proof that there is no such thing as a "saved" Christian who repudiates the resurrection. The resurrection of the Lord Jesus Christ with all its attending blessing to a born-again child of God, is forever the true criteria of truth and error. Galatians 1:1-9.

Killarney Park interior permits

To preserve the wilderness qualities at Killarney Provincial Park, interior camping permits will be required beginning June 4, 1976. Natural Resources Minister Leo Bernier announced today.

"Increasing interior use, both canoeing and hiking, has reached the point where permits are necessary to protect areas from overuse and preserve the quality of the recreational experience," Mr. Bernier said.

Permits will cost \$2 per boat per night or \$20 for 16 nights. Hiking permits for a party of two will cost \$2 per night or \$20 for 16 nights. Situated on the north shore of Georgian Bay, about 40 miles southwest of Sudbury, Killarney is classified as a primitive park. Killarney's 132 square miles include white quartzite mountains towering 600-800 feet above clear lakes.

A further benefit of issuing interior permits is the increased contact between campers and park staff. A "leave-no-trace" attitude will be promoted and free plastic garbage bags will be issued to encourage interior users to

bring out garbage with them.

"Permits are also necessary to help defray the cost of collecting garbage in the interior as well as providing necessary maintenance," Mr. Bernier added.

Staff can also advise campers on the best prospects for avoiding crowds, thus dispersing campers more evenly throughout the park and reducing the impact on the fragile environment.

Permits will be available at Killarney's George Lake Campground on Highway 637. Permits will also be available at Ministry offices in Espanola and Sudbury.

"In the past few years, the Ministry of Natural Resources has intensified its efforts to meet Ontario's growing wilderness recreation demand," said Mr. Bernier. "but our responsibility does not stop there. It must be followed by responsible resource management to protect our areas."

Ontario's other primitive provincial parks are Quetico, approximately 150 miles west of Thunder Bay, and Polar Bear located at Hudson and James Bays.

Ontario Place gets new director general

Industry and Tourism Minister Claude Bennett and A.Y. Eaton, Chairman of the Board of Ontario Place Corporation, today announced the appointment of John O. Maxwell as the director general of Ontario Place. The appointment is effective Tuesday, April 20.

Mr. Maxwell comes to Ontario Place from his own marketing and communications business. Previously he was a senior executive with Bristol-Myers Products Canada.

Ontario Place will open for the 1976 summer and fall season May 22.

Help get these people into trouble.

We seek trouble wherever it occurs. Wherever people need us. Down in Skid Row. In the prisons. Amongst the elderly, the destitute and the downtrodden. Wherever we can offer our Christian help.

Sometimes, it isn't pleasant. But it must be done. And we need your help to do it. Money. Donations to the Red Shield Appeal.

Your gifts get us into trouble. And they help get a lot of people out of trouble.

If you don't need our help we need yours

Please help the Red Shield Appeal

Thank-You

I wish to thank my friends and relatives for their prayers, flowers, cards and visits while I was a patient in the Lindsay Hospital.

A special thank you to the Ambulance Drivers and to Dr. Good and Dr. Service.

Sincerely

Mrs. Shirley Sisson

I would like to thank all my friends, relatives and family for their prayers, cards, visits and flowers that I received during my stay in the hospital.

A special thanks to Dr. Good of Haliburton, Dr. Belch and the Nursing Staff of the 4th floor, Peterborough Civic Hospital.

Eileen Barry

BUY-SELL-RENT-HIRE...

Thank-You

I would like to thank my friends for their cards, letters and flowers while I was a patient at the Civic Hospital. A special thank you to Dr. Belch, nurses and to my Mom who has been so helpful.

Joyce Griffin

We would like to take this opportunity to convey our sincere thanks and appreciation to our neighbours, friends and relatives for their thoughtfulness shown to us during our recent sad bereavement in the loss of a dear, devoted Mother. A very special thanks to the drivers of the Haliburton Ambulance, the John Welch and Son Funeral Home for their kind help and service, with a special thanks to Reverend Smith for his words of reassurance which were of great comfort to us. We would also like to give our thanks to the West Guilford Community Centre for all their kindness in serving the lunch after the service.

We feel, although our loss is deep, we are rich in Family and Friends and we thank you all.

The Mulholland Family

We would like to take this opportunity to express our deep gratitude to the friends and neighbours of the Mulholland Family of West Guilford. The comfort given to them at their time of need was sincerely appreciated and felt by all of the families and relatives, and so we say thanks and may God keep and bless such as you.

In Memoriam

HOUGHTON John Robert (Jack) - In loving memory of our dear son Jack who died April 29th, 1971.

Gone are the days we used to share,
But in our hearts you are always there,
The gates of memory will never close
We miss you more than anyone knows.
With tender love and deep regret
We who love you will never forget.

Always remembered by
Mom, Dad, Nanny, Fred,
Bill, Gordon, Patricia and families.

COWEN - In loving memory of a dear father Ron Cowen, who passed away April 29th, 1975.

God saw you getting tired,
When a cure was not to be
So he closed his arms around you
And whispered "Come to Me"
You didn't deserve what you went through,
So he gave you a rest
God's garden must be beautiful
He only takes the best.

Sadly missed by Son Pete,
daughter - in - law Gerry,
grandchildren Gene and Janine.

COWEN - In loving memory of a dear husband and father, Ron, who passed away April 29th, 1975.

One year has passed, dear father,
Since you were called away;
How well do we remember
That sad and weary day.
You suffered much, you murmured not,
We watched you day by day;
We cried and prayed that
your dear life
Would not be taken away.

Sadly missed by wife
Violet and family.
